Toronto, Ontario M5S 2J5

Dear Mr. Castrilli:

In response to your letter of October 22, 1973, I am forwarding under separate cover five copies of our Circular 645. This is the only report by the Geological Survey on the subject. However, similar efforts by other organizations have come to our attention in recent months, and I have enclosed a list of those for your information.

Sincerely yours,

H. W. Coulter
