RE: ENVIRONMENTAL GROUPS MEETING

We last met in early November and it is likely time we get together again to chat about our mutual environmental concerns.

I suggest we meet at noon on Wednesday, April 6 here at the Council. Bring your own lunch and we'll supply some coffee. I hope this date and time is convenient to all of you and Clive and I look forward to seeing you then. Feel free to bring as many from your organization as you wish.

Perhaps you might call me to let me know if you are planning to come.

Yours sincerely,
