Dear Sir or Madam:

The Canadian Environmental Law Association is a non-profit, independent public interest group devoted to law reform and use of present laws to promote environmental protection.

Would you please send us "Turning Toward the Sun: Volume 1". As we are a non-profit group dependent on the goodwill of the public, we would appreciate it if you could send it to us free of charge. However, if this is not possible, kindly send it with your invoice and we will remit payment.

Are you aware of any laws which attempt to prevent land use conflicts between properties using solar or wind energy and neighbours who might put up structures which might interfere with access to sun or wind?

Thank you for your anticipated co-operation.

Sincerely,

CANADIAN ENVIRONMENTAL LAW ASSOCIATION

John Swaigen
Counsel
