RECEIVED MAY - 6 1977

Dear John:

I am enclosing a copy of the latest Worldwatch Paper, Energy: The Solar Prospect, which is Number 11 in the series of booklets published by this authoritative international group. As you will note from the attached release, all of these Papers will henceforward be available from the Conservation Council of Ontario.

Limited copies are also available of our own study, Conservation Alternatives in Electric Power Planning, this can be obtained from the Council offices at a cost of \$3.00, and it may also be of interest to your members.

I would be most grateful if the availability of these publications could be mentioned in a coming issue of Canadian Environmental Law News.

Yours sincerely,

Clive E. Goodwin
Executive Director
