Dear Sir or Madam:

We are in the process of doing research on solar and wind energy legislation that may be necessary to stimulate and protect these sources of energy.

We have recently become aware of a study initiated by you in June of 1975 entitled "Barriers to the Use of Wind Energy Machines: The Present Legal/Regulatory Regime and a Preliminary Estimate of Potential Legal/Political/Societal Problems".

Would you please advise us whether this has been completed and the cost of obtaining a copy. As we are a non-profit, independent, public interest group, we would appreciate receiving a copy free, if possible. However, if this is not possible, would you kindly advise us the cost.

Thank you for your anticipated co-operation.

Sincerely,
