Mr. Joseph Castrilli,

Dear Mr. Castrilli:

At its meeting of September 1980, the Standing Resources Development Committee agreed by motion to consider the Ministry of Natural Resources policy paper "Mineral Aggregate Resources Planning Policy" prior to its clause-by-clause review of Bill 127, An Act to Revise the Pits and Quarries Control Act, 1971.

The steering committee has directed me to request your written comments on the policy paper, a copy of which is enclosed, together with a statement from the Ministry setting out the context of the paper. The Committee is anxious to have your comments as soon as possible; accordingly, I will be calling you once you have had an opportunity of reading the paper so as to be able to advise the Committee when it might expect to receive your comments.

Yours truly,

Graham White
