Dear Sir/Madam:

Re: Resolution of Landfill Capacity Issue
Related to the
o Energy From Waste Study and
o Landfill Environmental Assessment
Stage 2C, Selection of a Preferred Site

As identified in the Landfill Environmental Assessment Stage 2C Work Program pertaining to the selection of a preferred site, Regional Council is now considering the results of the Energy From Waste (EFW) Study and the implications of that Study on the landfill capacity required for the twenty year planning period.

This item will be on the Regional Council Agenda on Wednesday September 5, 1984. The Council meeting starts at 9:00 a.m. in the Regional Administration Building, 1151 Bronte Road, Oakville, Ontario. A map showing the location of the building is provided for your information.

This letter is to provide all those on both the Environmental Assessment - Landfill Component and Energy From Waste Mailing Lists, with a written notice of the meeting at which a decision will be made on the landfill capacity issue and the EFW Project.

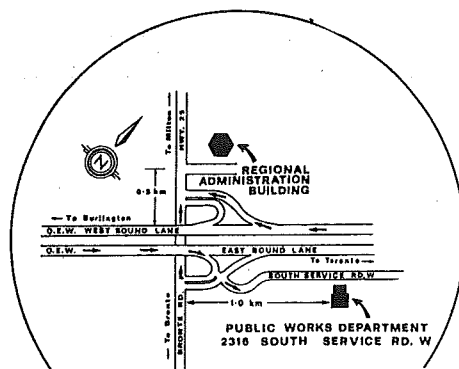

If you wish to be a delegation, please contact the Regional Clerk at 416/827-2151, Extension 333.

You are also advised that a copy of the Staff Report on this matter may be obtained from the Regional Clerk's Office.

Yours truly,

R. Mohammed
