Ms Toby Vigod
Canadian Environmental Law Association
243 Queen Street West
Toronto, Ontario
M5V 1Z4

Dear Ms Vigod:

Thank you for your submission and request for a hearing dated April 10, 1986, regarding The Regional Municipality of Halton, Landfill Environmental Assessment.

The selection of the two preferred sites (Sites 'D' and 'F') as outlined in the "Notice of Completion of the Review" is the result of an evaluation of six potential sites investigated by The Regional Municipality of Halton.

During the next few months, The Regional Municipality of Halton has indicated that they will continue to examine the two preferred sites in their site specific studies, provide information from those studies on the natural, social, cultural and economic effects of the sites, and make that information available to interested parties.

I understand that Halton intends to submit this information to me for government and public review. After this is completed, I will consider the hearing requests I have received and make a decision on whether or not an EA hearing will be held.

Your name has been placed on the mailing list for all subsequent notices or orders associated with this undertaking. Should you wish to receive additional information associated with this undertaking, please contact Roger Clarke of the Environmental Assessment Branch (416-965-4139).

I will also consider your request for intervenor funding, and inform you of my decision in the near future.

Yours sincerely,

Jim Bradley
Minister
