Brad Guest
Director of Property Operations
The Toronto Harbour Commission
60 Harbour Street
Toronto, Ontario
M5J 1B7

Dear Mr. Guest,

Thank you for the opportunity to make a submission to the Toronto Harbour Commission on the revised Lakefill Quality Control Programme.

Enclosed is a copy of a submission which I made to the City Services Committee's meeting March 3, 1989, on that program. I would urge you to continue in your previous decision to only accept clean fill at Toronto Harbour Commission sites. As we discussed at our previous meetings convened by former commissioner Dale Martin, the THC should adopt policies which ensure that its operations do not contribute to the pollution burden of Toronto's waterfront which has been designated an area of concern in the Great Lakes.

You should also be aware that a second report from the Medical Officer of Health on alternative disposal sites for unclean fill will go to Council soon. It is being considered by the Neigbourhoods Committee today.

Yours truly,

Sarah
