Individuals

RE: Position Available

As you can see from the attached job notice, I will be leaving Great Lakes United in early July to move to Vienna, Austria. It has truly been an honour for me to have served as Executive Director of GLU. I believe strongly in the work of Great Lakes United and have enjoyed working with you in our mutual quest for protection, conservation and restoration of the Great Lakes-St. Lawrence River ecosystem.

The Board of Directors of GLU is committed to ensuring a smooth transition to a new Executive Director and would like your help in distributing the attached job notice as widely as possible. We appreciate your assistance in printing this notice in your newsletter and circulating it to any potential candidates.

P.S. I look forward to seeing you at the 10th Annual Meeting in Saginaw, Michigan.
