Dear Theresa:

On behalf of the Women's Networking Committee, I would like to thank you for your presentation on Environmental Law at our meeting on Wednesday May 1/96.

We appreciate you taking the time to share your expertise and experiences with your fellow chamber members. It was a most informative and enlightening evening.

In this rapidly changing world, it is good to know there is someone who can lead us through the jungle of policies and procedures involving Environmental issues.

Once again, thank you for your presentation.

Sincerely,

Anne Buchanan
Executive Vice President
