Dear Janet Mrenica,

Review for Program Funding Canadian Environmental Law Association

Enclosed are copies of the audited financial statements of the Canadian Environmental Law Association (CELA) for the upcoming review by Universalis. A separate more extensive package has been sent to Marie-Helene Adrien.

You will notice that we have three audits done each year:

. the Hilborn Ellis Grant audit done for the Ontario Legal Aid Plan our primary funder for the operation of our public interest legal clinic which practices poverty law and law reform;

.the audits conducted by Woods Cowperthwaite and Mehta cover our other special projects funded by a variety of sources from private foundations, federal government grants and other miscellaneous sources. This audit includes our international programme, and;

.a third statement combining the two audits into one for presentation to our membership at our annual general meeting.

Should you have any questions pertaining to these audits, do not hesitate to call me. Audits for 1997-98 fiscal year are scheduled for later this month and should be available in the early fall.

Yours truly,

Canadian Environmental Law Association
