Dear Teresa:

Re: Insurance Issues in Environmental Law – January 27 1999

Thank you very much for conducting this session. The participants appreciated the information that you had to share with them. As one of the directors from Prince Edward Island Mutual shared, you make a sometimes dry topic easy to hear and understand.

The rest of our day went well. Doug Leblanc's system for cleaning the affected sight is amazing and his attitude to getting the job done for the safety of the property owner, the immediate public and the public at large is very commendable. His is a name that you may be able to use sometime in the future to assist in some situation.

Thank you again for your continued support of our education system.

Yours very truly,

Susan Baker, B.E.S.
Manager of Insurance Services
