RECEIVED SEP 24 1999

September 22, 1999

Theresa McClenaghan & Kathy Cooper
Canadian Environmental Law Association
517 College St., Suite 401
Toronto, ON M6G 4A2

Dear Theresa and Kathy:

Thank you for agreeing to make the presentation An Advocate's Perspective in the session Municipal Natural Heritage Planning: Provincial Perspectives, Tuesday, October 19, 10:30-12:00noon at the A.D. Latonnell Conservation Symposium at the Nottawasaga Inn in Aliston, Ontario. Your presentation will make an important contribution to conservation in Ontario.

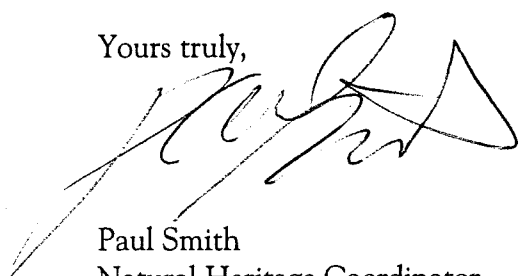

Enclosed is a registration package for the symposium. If you plan to stay overnight please make a reservation **AS SOON AS POSSIBLE**, space is limited.

Presenters do not have to pay registration or for one meal (lunch or supper) on the day of their presentation. Should you wish to attend the other days, please pay for registration for those days. Limited funding is available for other expenses if needed and not available from other sources.

You will also receive a letter from Conservation Ontario regarding the logistics and equipment needed for your presentation. Overhead and slide projectors can be available in the rooms. Please notify Tracey Matthews at Conservation Ontario (905-895-0716) for any special requirements or additional information. Your presentation time will include 20 minutes for both the presentation and questions.

Thank you again for agreeing to participate in this important session. If you wish to discuss the content of the sessions or your presentation please call me (416-314-4918) or Kim Gavine (416-325-5030).

Yours truly,

Paul Smith
Natural Heritage Coordinator

The 6th Annual A.D. Latorne Conservation Symposium

In October 1999, the 6th Annual A.D. Latorne Conservation Symposium will be held at the Nottawasaga Inn and Convention Centre in Alliston, Ontario. Each year, Conservation Ontario and the Centre for Land and Water Stewardship at the University of Guelph host a 3-day symposium focusing on topical issues relating to conservation. This year's theme is, "What is the "Future of Conservation" in Ontario?" Participants will be encouraged to explore and discuss trends and opportunities in conservation education, watershed planning and management, provincial resources guidelines and policies, partnership building and decision making.

Day 1: Monday, October 18, 1999

Concurrent Session

3:30-5:00

(Choose one session)

CS-1 Learning Futures

Ministry of Education Curriculum Changes:
Practical Implications and Opportunities
Stan Kozak, Curriculum Consultant, Guelph
Allan Foster, Director, Kortright Centre,
Toronto Region Conservation
Ministry of Education Perspective

CS-2 Water Futures

Water! Water! Everywhere! What are we doing with it?

Moderator: Linda Mortsch, Environment Canada, Atmospheric Environment Service, University of Waterloo

"Futures in Water" - The Climate Change Dimension

James P. Bruce, Canadian Policy Advisor, Soil and Water Conservation Society

Water Issues and Actions in the Region of Waterloo around Water Supply, Water Treatment and Water Conservation,
Mike Murray, Director, Water Services Division, Regional Municipality of Waterloo

"The Value of Water"

Mike Fortin, Consulting Economist, Environmental Economics

Water as a Commodity

Paul Muldoon, Executive Director
Canadian Environmental Law Association

CS-3 Land Futures

Land use planning, securing and managing conservation land, and private land stewardship have all seen vast changes in the 1990's. What can we expect in the next century? What are the trends? And what are the tactics and strategies needed?

Moderator: Richard Moorhouse, Heritage Programs Director, Ontario Heritage Foundation

Panel:

Vicki Barron, CEO, Credit Valley Conservation
John Lounds, Executive Director, Nature Conservancy of Canada
Deb Scheufelt, Mayor, Town of Listowel
Jim Faught, Provincial Co-ordinator, Ontario Stewardship

CS-4 Paying for the Future

Governments are removing themselves from underwriting the cost of conservation programs. Who will pay for what?

Local Perspective

Mike Garrett, C.A.O., New City of Toronto

Corporate Perspective

Valarie Tibbles, Senior Partner, Corporate Community Relations

Resource User/Sports Person Perspective

Dr. Terry Quinney, Ontario Federation of Anglers and Hunters

CS-5 Partnership Futures

Moderator: Brian Penman, Vice-Chair, Conservation Ontario

Partnerships for effective Watershed Management

Barb Veale, Coordinator- Strategic Planning & Partnerships, Grand River C.A.

The Corporate Interest

Chuck Geale, President, Tree Canada Foundation

The Volunteer Perspective

Geoffrey Cape, Executive Director, Evergreen Foundation

Agenda

8:30 - 10:00 Conservation Ontario Council Meeting

10:30 - 1:00 Registration - Main Foyer Downstairs

1:30 - 3:10 Welcome and Introductions
Wendy Stewart, Chair, Conservation Ontario

Plenary: Futurist
Where are we going? How are we going to get there?

Dr. Dan Shrubsole, Department of Geography, University of Western Ontario
Eva Ligeti, Former Environmental Commissioner for Ontario

3:30 - 5:00 Concurrent Session
What is the future of Conservation in Ontario? (Choose one session)

5:00-7:00 Join Us in the Conservation Exhibit Hall for Cocktails

7:00-9:00 Dinner: Conservation Futures

Dinner Speaker to be confirmed.

Day 2: Tuesday, October 19, 1999.

Concurrent Session 1 8:30-10:00

-(Choose one session)

1-A Water Futures

Provincial Prospective

Gail Beggs, ADM Resource Management Division, MNR

Directions of Great Lakes Programs, Conservation Authorities & Great Lakes Program

John Mills, Regional Director General Great Lakes & Corporate Affairs Environment

1-B Parks - Recognizing an Industry

Just how large is the "Parks Tourism Industry" in North America and how much is it worth to our economy? The presentation will examine many of the statistics gathered for Ontario Conservation Areas in 1999.

Moderator: Chris Hachey, Superintendent of Conservation Areas, Upper Thames Region Conservation Authority

Dr. Paul Eagles, Professor, Department of Recreation, University of Waterloo

1-C Ontario's Heritage Rivers

The Canadian Heritage Rivers System helps Canadians celebrate their river heritage. Many communities in Ontario are embracing the designation to try to bring people together around common goals. Find out about their experiences.

Moderator: Richard Moorhouse, Heritage Programs Director, Ontario Heritage Foundation

Canadian Heritage Rivers System

Brian Grimsey, Planner River Studies, Parks Canada

Ontario Heritage Rivers

John Fisher, Park Planner, Ontario Parks, MNR

Panel: Opportunities and Challenges for Ontario's Heritage Rivers

Ken Schmidt, Detroit River

Wendy Stewart, Rideau Waterway

Barb Veale, Grand River Conservation Authority

Bill Beckett, LaVase-Mattawa Waterway

Ian Wilcox, Thames River

1-D Species at Risk

Federal & Provincial Perspectives

Endangered Species conservation is a hot topic in 1999. Federal, provincial, government, non-government, urban, rural - everyone has an angle. Find out who does what and how it should work.

Moderator: Paul Smith, Natural Heritage Coordinator, Ontario Heritage Foundation

Canada's Species-at-Risk Program

Rick Pratt, Manager, Environment Canada

Recovery Planning for Species-at-Risk

Laurie Maynard, Habitat Biologist, Environment Canada

Ontario's Species-at-Risk Program

Irene Bowman, Senior Biologist, Rare Threatened & Endangered Species, MNR

The Natural Heritage Information Centre's Approach to Rare Species Ranking & Databases

Jarmo Jalava, Stewardship Ecologist, Natural Heritage Information Centre, MNR

1-E Learning Futures

Outdoor Environmental Education - Future Directions

Moderator: Stew Hilts, Centre for Land and Water Stewardship, University of Guelph

A Retrospective and Future Directions

Dr. Bill Andrews, Professor Emeritus, University of Toronto

The "Learning Curve" and the Kortright Centre

Allan Foster, Director, Kortright Centre, Toronto Region Conservation

Agenda

8:30 - 10:00 Concurrent Session 1
(Choose one session)

10:00 - 10:30 Coffee Break: Join us in the Conservation Exhibit Hall for Refreshments and Networking

10:30 - 12:00 Concurrent Session 2
(Choose one session)

12:00-2:00 Lunch: Conservation Pioneers
As a trial this year, symposium partners will invite individuals who were involved in the formative years of their organizations. One or two individuals will be invited to "look back" on the conservation programs in Ontario

2:00 - 3:30 Concurrent Session 3
(Choose one session)

3:30-4:00 Coffee Break: Join us in the Conservation Exhibit Hall for Refreshments and Networking

4:00 - 5:30 Concurrent Session 4
(Choose one session)

5:30-7:00 Join Us in the Conservation Exhibit Hall for Cocktails

7:00 Full Gourmet Dinner, Crystal Ballroom
Presentation of Soil and Water Conservation Awards

Dinner Speaker to be Confirmed

Hospitality in the Starlight Lounge

- Concurrent Session 2 10:30-12:00

-(Choose one session)

2-A Water Futures

Speakers to be Confirmed.

2-B Parks- Recognizing an Industry

Ontario Parks, the business of managing and operating the provincial parks system. What are the changes? What are the success stories? What are the challenges for the future?

Moderator: Chris Hachey, Superintendent of Conservation Areas, Upper Thames Region Conservation Authority.

Business Development Strategies

Greg Maude, Marketing Manager, Ontario Parks

2-C Municipal Natural Heritage Planning: Provincial Perspectives

Vast change has swept over Ontario's land use planning system in the last few years. Municipalities now have the responsibility to plan for conserving our natural heritage. Hear a variety of perspectives on planning in 1999.

Moderator: Paul Smith, Natural Heritage Coordinator, Ontario Heritage Foundation
Ontario's Provincial Planning System
Victor Doyle, Senior Planner, Ministry of Municipal Affairs and Housing

Implementing the Provincial Natural Heritage Policy

Fred Johnson, Team Leader Municipal Planning, Ministry of Natural Resources

Environmental Advisory Committees: Another Tool for Nature Protection

Linda Pim, Federation of Ontario Naturalists

An Advocate's Perspective

Theresa McClenaghan & Kathy Cooper, Canadian Environmental Law Association

2-D Species at Risk

Community Perspectives

Moderator: Kim Gavine, Natural Heritage Consultant, Ontario Heritage Foundation

American Chestnut: a Cooperative Approach to Species-at-Risk Conservation

Andy Graham, Ontario Soil & Crop Improvement Association

Neil Craig, Farmer, Simcoe County

Species Recovery: Getting it Done I

Peter Ewins, World Wildlife Fund, Canada

Bringing Industry & Conservationists Together: The Species-at-Risk-Working Group

Marc Johnson, Canadian Nature Federation

A First Nations' Perspective on Species-at-Risk

Paul General, Six Nations Eco-Centre

2-E Learning Futures

From Learning to Community Action

Moderator: Barb McConnell, Pres., McConnell Weaver

- success in education towards environmental sustainability
- community based social marketing
- involving partners and community members in getting results
- evaluating the "Yellow Fish Road"

Adele Freeman and Renee Jarrett, Toronto Region Conservation

- Concurrent Session 3 2:00-3:30

{Choose one session}

3-A, 4-A Fisheries Futures: Water Resource Management for Fish and Wildlife

Water Resource Management in Ontario for Fish and Wildlife.

Moderator: Al Rose, Fisheries Biologist, Ontario Federation of Anglers and Hunters

Panel:

Ron Running, Ministry of Natural Resources

Jim Janse, Ministry of the Environment

Charley Wrote, Credit Valley Conservation

Doug Obright, Ministry of Municipal Affairs and Housing

Bruce Kitchen, Water Control Engineer, Trent-Severn Waterway

Joan Eaton, Ontario Power Generation

Ontario Federation of Agriculture

Joel Ingram, Ducks Unlimited

David Calderisi, President, Ontario Streams

Steve Timmermans, Biologist, Ontario Federation of Anglers

3-B Parks - Recognizing an Industry

Conservation Journeys: What is Conservation Journeys and where are we headed?

Moderator: Chris Hachey, Superintendent of Conservation Areas, Upper Thames Region Conservation Authority

3-C Municipal Natural Heritage Planning: Municipal Perspective

Moderator: Jeremy Collins, Ontario Heritage Foundation

Lambton's Natural Heritage Framework

Patrick Donnelly, Patrick Donnelly Environmental Services

Greenland Policies: Then What?

Barbara Jeffrey, Senior Project Coordinator, York Region

Simcoe County Greenlands System and the Best Policy Practices Review

Ian Bender, Simcoe County

Ecosystem Planning in London

Bonnie Bergsma, City of London

3-D Wetland Futures: Protection & Enhancement

Ontario's wetlands have many champions today. Governments, communities volunteers, non government agencies and landowners all have important roles. Protection, evaluation, enhancement stewardship and monitoring occur across Ontario. Hear some of the successes, challenges and opportunities.

Moderator: Kim Gavine, Natural Heritage Consultant, Ontario Heritage Foundation

Provincial Wetland Management Program Update

Brian Potter, Aquatic Ecologist, Wetlands, Ministry of Natural Resources

Wetland Conservation at Environment Canada

Laurie Maynard, Habitat Biologist, Canadian Wildlife Service

The Eastern Habitat Joint Venture in Ontario

Kevin Loftus, Eastern Habitat Joint Venture Coordinator, Ministry of Natural Resources

A Proactive Approach to Wetland Protection & Enhancement

Dave McLachlin, Ducks Unlimited

3-E Learning Futures Some "Best Environmental Practices"

Moderator: Allan Foster, Kortright Centre, Toronto Region Conservation

Watershed Wheels

Linda Wrigley, Albion Hills C.A.

Wye Marsh Wildlife Centre

Rob Heming, Executive Director

Bridget Laurin, Program Coordinator

Backus Mill Conservation Education Program

Jim Oliver, Long Point Region C.A.

Ontario Federation of Anglers and Hunters

- Becoming an Outdoors Woman
- Waterways Habitat
- Zebra Mussel
- Traveling Trunk Program

-Concurrent Session 4 4:00-5:30

-(Choose one session)

4-A, 3-A Fisheries Futures: Water Resource Management for Fish and Wildlife

Moderator: Al Rose, Fisheries Biologist,
Ontario Federation of Anglers and Hunters

Panel Discussion continued

Note this session runs from 2:00-5:30

4-B Parks Recognizing an Industry Conservation Journeys - Group Discussion

Idea Sharing for the future of the Conservation Journey Program

Moderator: Chris Hachey, Superintendent of
Conservation Areas, Upper Thames Region
Conservation Authority

**Present Directions for this New Province
Wide Initiative**

Bryan Byrnes, Conservation Foundation,
Toronto Region Conservation Authority

4-C Land Use Strategies for Groundwater Protection

Protecting groundwater resources is a growing challenge across Ontario. Over 3 million people in Ontario depend on groundwater for drinking. Hear how some communities are taking action

Moderator: Jeremy Collins, Ontario Heritage
Foundation

**Groundwater Protection Studies under
the Provincial Water Protection Fund**

Barbara Anderson, Senior Policy Analyst,
Ministry of the Environment

Halton's Aquifer Management Plan

Steve Holysh, Hydrogeologist, Halton Region

**Groundwater Protection in Waterloo
Region**

Eric Hodgins, Waterloo Region

Oxford County - Land Use Risk Analysis

Ken Quesnelle, Superintendent of Operations,
Woodstock Public Utilities Commission

4-D Wetland Futures: Stewardship & Monitoring

Moderator: Kim Gavine, Natural Heritage
Consultant, Ontario Heritage Foundation

**Wetland Habitat Fund: Potential Land-
owner Projects**

Larry O'Grady, Wetland Habitat Fund

The Evolution of Rural Drainage Projects

Sid Vander Veen, Drainage Coordinator,
Ministry of Agriculture, Food & Rural Affairs

**Eyes and Ears for Wetlands - the Marsh
Monitoring Program**

Russ Weeber, Bird Studies Canada

**Watershed Report Card... Tools for
Community Action on Wetlands**

Les Stanfield, Research Biologist, Ministry of
Natural Resources

4-E Learning Futures

Experiential Learning - examples of successful programs integrating practical education, community needs and agency objectives

Moderator: Peter Mitchell, Centre for Land
and Water Stewardship, University of
Guelph

**Credit for Product Program - Sir Sandford
Fleming College**

Barb Elliot, Program Coordinator, Ecosystems
Management Programs, School of Environ-
mental and Natural Resource Science

**The Ontario Stewardship Ranger Program
- Pilot project - summer '99**

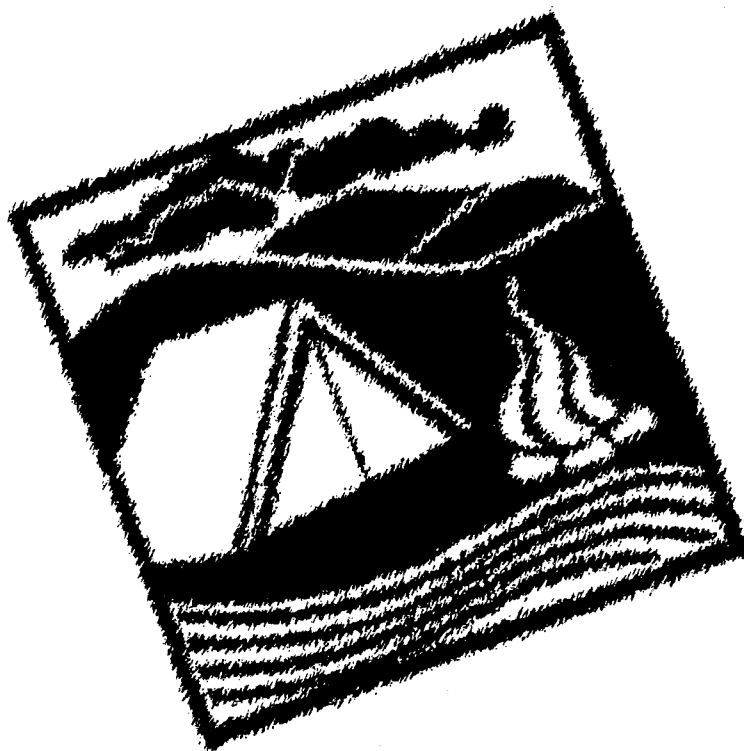

Owen Williams, Stewardship Liaison, Ministry
of Natural Resources

**Students, Scientists and Seniors working
with Communities, Corporations and
Conservationists - Monitoring the
Environment Together**

Alice Casselman, Association for Canadian
Educational Resources (ACER)

**Conservation Information Cooperative
and Working for Wilderness
"WEB ACTION" -**

Students at University of Guelph

Day 3: Wednesday, October 20, 1998

Agenda

- 8:30 - 10:00 **Concurrent Session 5**
(Choose one session)
- 10:00 - 10:30 **Coffee Break: Join us in the Conservation Exhibit Hall for Refreshments and Networking**
- 10:30 - 12:00 **Concurrent Session 6**
(Choose one session)
- 12:00-2:00 **Lunch: Premier showing of the Groundwater Video**
- 2:00 - 3:30 **Concurrent Session 7**
(Choose one session)

Concurrent Session 5 8:30-10:00 (Choose one session)

5-A Fisheries Futures

Fragmented Fisheries Habitat

Moderator: Brian Hindley, President Elect, American Fisheries Society - Southern Ontario Chapter

Impacts of Barriers on the Environment and Fish Movement

Dave Rodgers, Ontario Power Technologies

Fishways and Fish Movement

Dr. Richard Booth, Applied Biometrics Inc.

Biological Control, Barrier Dams and Biodiversity of Stream Fishes

Rob McLaughlin, Institute of Ichthyology, University of Guelph

5-B Water Budget

Technical Reference Manual for Water Budget Analysis on a Watershed Basis - An Overview of the Components

Harold Belore, Cumming Cockburn Ltd

5-C Sustainable Network Training Session - Full Day Session

Volunteers and Agencies: Building Effective Partnerships

Note: The Full Day Session is hosted by Paul Bubelis of the Sustainable Network. Non-profit leaders are encouraged to contact Paul Bubelis at 416-760-8602 to obtain a limited number of \$50.00 bursaries, available to help community leaders participate in this day long session.

The morning will focus on Volunteer Management from both a community and agency perspective. The session will concentrate on:

- recruitment
- screening
- motivating
- managing
- evaluating
- rewarding

Joanne Copper, Executive Director, Volunteer Centre of Toronto

Zora Bagar, Volunteer Management Trainer, Volunteer Centre of Toronto

5-D Technical Tools for Conservation

Moderator: Kim Gavine, Natural Heritage Consultant, Ontario Heritage Foundation

Ecological Land Classification Update: Applications & Training

Harold Lee, Ministry of Natural Resources

Biodiversity Recycling: Using Soil Propagule Banks for Restoration

Margot Ursic & Jim Dougan, Dougan & Associates, Ecological Consulting Services

Habitat Suitability Models for Ontario Riverine Fish

Les Stanfield, Ministry of Natural Resources

Setting Bird Conservation Priorities

Andrew Courtier & Michael Bradstreet, Bird Studies Canada

5-E Conservation Research Futures Professional Preparation for the New Millennium

Moderator: Ron Scott, Co-Chair, Education Strategy Committee-Conservation Ontario

Professional development needs of Conservation Authority staff. Presentation and discussion of survey results

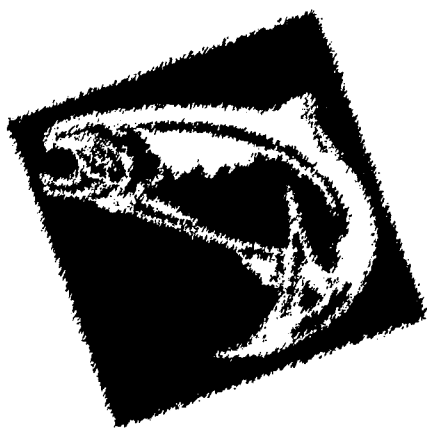

Remo Petrongolo, Office of Open Learning, University of Guelph

Professional Development Program - The Forestry Sector

Susan Gesner, President, Canadian Forestry Association

Sustainability Network - Strengthening Management Skills in the environment non-profit community, program options based on client surveys and focus groups

Paul Bubelis, Manager, Sustainability Network

- Concurrent Session 6 10:30-12:00 - (Choose one session)

6-A **Fisheries Management Plans: A Watershed Approach**

Moderator: Brian Hindley, President Elect, American Fisheries Society - Southern Ontario Chapter

These series of presentations will explore the environmental and ecological impacts of water control structures and other barriers to fish movement.

Conservation Ontario Fisheries Management Policy

Charley Wrote, Credit Valley Conservation

Grand River Fisheries Management Plan

Warren Yerex, Grand River Conservation Authority

Humber River Fisheries Management Plan

Bernie McIntyre and John Clayton, Toronto Region Conservation

6-B **Water Budget**

Revised Natural Heritage Planning

Manual - Planning Act

Provincial Policy Statements - What's New and Why?

Fred Johnson, MNR Land Use Planning Branch

6-C, 5-C **Sustainable Network Training Session - Full Day Session (Cont.)**

Volunteers and Agencies: Building Effective Partnerships

Note: Non-profit leaders are encouraged to contact Paul Bubelis at 416-760-8602 to obtain a limited number of \$50.00 bursaries, available to help community leaders participate in this day long session.

The morning will focus on Volunteer Management from the both an community and agency perspective. The session will concentrate on:

- recruitment
- screening
- motivating
- managing
- evaluating
- rewarding

Joanne Copper, Executive Director, Volunteer Centre of Toronto

Zora Bagar, Volunteer Management Trainer, Volunteer Centre of Toronto

6-D **Paying for the Future**

What is conservation worth? What will people pay for outdoor recreation or landowner services? What can we expect from the future funding levels? Come and help us grapple with how to fund conservation programs in the future.

Moderator: Paul Smith, Natural Heritage Coordinator, Ontario Heritage Foundation

Natural Capital: Perspectives on the Value of Nature

Adam Fenech, Science Advisor, Environment Canada

Roger Hansell, Professor, University of Toronto

What is Nature Conservation Worth to Canadians?

Michael Villeneuve, Economist, Environment Canada

Global Trends in Funding for Parks

Paul Eagles, Professor, Department of Recreation, University of Waterloo

Trends in Environmental Funding in Ontario

Ann Mitchell, Executive Director, Canadian Institute for Environmental Law and Policy

6-E **Conservation Research Futures through Partnerships**

Moderator: Dr. Mike Moss, Associate Dean, Department of Environmental Science, University of Guelph

Colloquium/Project in Environmental Sciences

Dr. Mike Moss, Associate Dean, Department of Environmental Science, University of Guelph

Strengthening relationship and building collaboration between educational institutions, government agencies, industrial and business partners, and funders

Dr. Leon Carl, Watershed Science Centre, Trent University

Dr. Jim Madder, Academic Team Leader, School of Natural Resources, Sir Sanford Fleming College

- Concurrent Session 7 2:00-3:30 - (Choose one session)

7-A **Fish Habitat Management and Data Standards**

Please note this sessions runs till 5:00 p.m.

Moderator: Vic Gillman, Department of Fisheries and Oceans

Fish Habitat Management Advisory Board Report

Jack Hall, Jeff Brick, Gareth Goodchild, Donna Wales and Pierre Paquette

Drainage Classification and Fish Habitat Management

Donna Wales and Jeff Brick

Fish Habitat Management Enforcement: The Interagency Approach

Ed Debruyne and Pierre Paquette

Fish Habitat Management: The Referral Approach

Wayne Hyatt and Pierre Paquette

7-C **Sustainable Network Training Session - Full Day Session**

Volunteers and Agencies: Building Effective Partnerships

This session will focus on examples and observations on how effective partnerships can be forged between communities and agencies.

Moderator: Joanne Cooper, Executive Director, Volunteer Centre of Toronto

Panel:

Jennifer Hawkins, Grand River Conservation Authority

Gary Wilkins, Toronto Region Conservation

Graham Bryan, Federation of Ontario

Naturalists

Phil Beard, Maitland Valley Conservation Authority

7-D **Paying for the Future**

Wildlife Impact Assessment

Ingrid Taylor, Ontario Soil and Crop Improvement Association

What Will Landowners Pay for Conservation Services?

Ministry of Natural Resources

Speaker to be Confirmed

Conservation Fund-raising: Panacea or Boondoggle?

Don Gordon, Fund-raising Consultant, BMB Scientific

William B. Sargent, Cathexis Associates Inc.

Municipal funding for Water Conservation?

Speaker to be Confirmed

7-B **Water Budget**

Watershed Geomatics

Frank Kenny, Ministry of Natural Resources, Information Branch

7-E **Conservation Research Futures Updates**

Evaluating impact of landowner contact programs

Conservation planning

University of Guelph

Credit Valley Conservation

Nature Conservancy of Canada

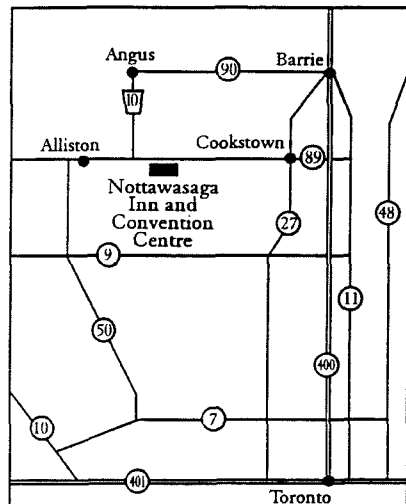

Landowner contact for Wetland Conservation

Discussion about the Latomell Research Forum - a new initiative

Location

The Nottawasaga Inn is a 4 star, 375 acre resort with challenging 36 hole golf course, a new spectacular Sports and Leisure Dome all at the river's edge in the Nottawasaga Valley. It is conveniently located only 45 minutes north of Toronto and the airport.

3 Day Complete Registration Package:

October 18, 19 & 20, 1999

\$ 285.00 plus GST = \$304.95

includes:

- All plenary sessions
- Choice of 50 topical conservation sessions
- Soil and Water Conservation Society Latomell Awards
- 6th Annual A.D. Latomell Conservation Symposium program
- Refreshment breaks in the Conservation Exhibit Hall
- 2 Full Gourmet Buffet Dinners and 2 delightful Buffet Lunches

1 Day Registration Package:

Day 1 October 18: \$90.00 plus GST = \$96.30

Includes: Climate Change Plenary Session, Climate Impacts and Adaptations Sessions, Symposium Program, Refreshment Break, Full Gourmet Buffet Dinner with guest speaker.

Day 2, October 19: \$105.00 plus GST = \$112.35

Includes: Choice of 21 sessions, Refreshment Breaks, Symposium Program, Full Gourmet Buffet Dinner and Soil and Water Conservation Society Latomell Awards.

Day 3, October 20: \$90.00 plus GST = \$96.30

Includes: Choice of over 24 sessions, Refreshment Breaks, Symposium Program, Luncheon Speaker.

Student Registration Rate (GST included):

Oct. 19 - \$42.80, Oct. 20 - \$53.50, Oct. 21 - \$42.80
