Re: York Region Pipeline Terms of Reference

Dear Mr. and Mrs. Siragusa,

Enclosed, please find a copy of York Region's response to the Canadian Environmental Law Association's critique of the Pipeline Draft Terms of Reference. Kathy Cooper, who worked on the file when it was active, will be calling you to discuss the matter further. If you have outstanding questions after talking to Ms. Cooper, please feel free to call me back.

Yours truly,
