Dear Theresa:

On behalf of the Probus Club of Quinte we would like to express our sincere appreciation to you for addressing our Club on Thursday, April 17, 2003. It was especially generous of you to have traveled on your Anniversary in order to arrive here on time. I trust you had a wonderful celebration once your family joined you here in Belleville.

Discussing our environment and having an opportunity to ask questions and learn from someone with your expertise was very beneficial to those in attendance. As you witnessed, it was quite difficult to get everyone to focus on the balance of our agenda one we re-convened.

Thank you very much for a most enjoyable, and important address.

Yours truly

Selma Bochner and
Audrey Williams
Program Coordinators.
