Theresa:

I can't make this meeting between Ontario energy policy people (Donna Cansfield, Min of Energy folks, etc.) and the NAHEEP gang, but would you be able to go?

Keith

Keith - are you on for the meeting Tuesday at 4 p.m. at Cansfield's office.

I assumed you were, but can't find confirmation under the haystack of emails.

Some docs attached:

1. a draft statement on C-48 saying, not just RRAP
2. a summary of the study from the statement of work - please take A LOOk at this and think about how TEA/LIEN might contribute (aside from being on the committee)
3. some key principles - any contributions to this working doc?

Clifford
