Change

The West Side deserves better.
Our schools need help. Let's
elect a real worker. A friend.
A parent.

Parents Support Tony Luppino

He led the drive to get rid of corrupt
Parks Boss Robert Delano. He works
for the respected international environ-
mental group Great Lakes United.

He knows that the schools' best hope is
parent involvement. As a parent, he'll
make the School Board accountable
and accessible to all of us.

Tony's Agenda for Our Schools

Formula Funding. Our schools need
a reliable share of the City's budget,
so that politicians can't play games
with our educational future.

Books Yes. Patronage No. Our kids
need supplies & smaller classes, not
more \$60,000/yr hacks on the payroll.

Better High Schools. Without strong
programs and real health education,
we'll never cut high dropout, tran-
sieny and teen pregnancy rates.

Safer Buildings. Old schools need
repair. And we must improve fire
safety and hire more nurses.

This is our chance, parents.
