

PUBLIC INTEREST AND CITIZEN PARTICIPATION ACTION RESEARCH

A Bibliography of the writings of Ken Rubin

NOTE: Most of the studies listed below are copyrighted by the author unless otherwise indicated. They are in most cases unless otherwise indicated available through Ken Rubin, 68 Second Avenue, Ottawa (Phone: (613) 234-2808).

A two price system exists - for institutions and agencies a charge is made (make cheques payable to Ken Rubin, 68 Second Avenue, Ottawa K1S 2H5) equivalent to the cost of duplicating and handling and delivery; for non profit citizen groups the studies are free. Institutions and agencies can either pay the listed price (to provide copies for non profit citizen groups) or in return for one free copy, send at least five duplicated copies of the study back to the author.

This is a non profit means of production and distribution of citizen oriented materials. Most studies are deposited at the National Library in Ottawa, and at Algonquin College Community Development Library in Ottawa. Comments on the studies are always appreciated. Further copies may be reproduced by those receiving copies of the studies if proper credit and exact reproduction is undertaken. This list will be occasionally updated. A separate list of miscellaneous publications (i.e., briefs, letters to the editor, etc.) is also available.
