

MAY 29TH 84.

EX92

Why I don't want a dump!!!!

- 1/ Too much dust.
- 2/ The smell.
- 3/ Pollution to water and garden food.
- 3/ Too much traffic.(trucks)
- 4/ Too expensive road maintenance.(dirt, heavy trucks etc.)
- 5/ On the hill so all the pollution will eventually flow down the hill to the bay.
- 6/ Raised taxes.
- 7/ Too much noise.
- 8/ Decrease in property value.(all our savings go in for an investment and if the dump is put there we won't even break even)
- 9/ Burlington has had the dump for many years it is time for someone else to have it.
- 10/ It is time we take care of our environment and there must be another way to resolve the matter.

I will gladly pay to have the garbage brought somewhere else the health hazards are just too great in particular to our future generations.

Sincerely,

A. Viksne
Mr. & Mrs. A. Viksne
