Dear Mr. Doering,

Re: Hearings on Health and the Environment

I would like to speak at your next set of hearings on "Health and the Environment" scheduled to commence on May 22, 1990. As my schedule is very full around that time, I would ask that you call me to arrange a time for my testimony toward the end of the hearing schedule.

Thank you for the opportunity to continue to contribute to your deliberations.

Yours truly,

Sarah Miller  
Coordinator  
Canadian Environmental Law Association
