**Written Submission from
Walkerton Kinsmen Club**

In the Matter of

Ontario Power Generation Inc.

Proposed Environmental Impact Statement
for OPG's Deep Geological Repository
(DGR) Project for Low and Intermediate
Level Waste

Joint Review Panel

September 16 to October 12, 2013

**Mémoire de
Walkerton Kinsmen Club**

À l'égard de

Ontario Power Generation Inc.

Étude proposée pour l'énoncé des incidences
environnementales pour l'Installation de
stockage de déchets radioactifs à faible et
moyenne activité dans des couches géologiques
profondes

Commission d'examen conjoint

16 septembre au 12 octobre 2013

Tuesday, August 6, 2013

To whom it may concern,

The Walkerton Kinsmen Club and its Midwestern Ontario Sportsmen's Show have an excellent working relationship with Ontario Power Generation and are pleased to offer the following comments regarding the proposed Deep Geologic Repository (DGR).

As we understand, OPG has plans to move forward with a licence to prepare a site and construct the proposed DGR for the safe, permanent storage of low and intermediate-level waste.

We can confirm OPG is involved in and provides support to the Brockton community, and has kept the public informed of the DGR project's progress to date. Appropriate updates have been made available regularly, and OPG has been fully open and transparent throughout the process.

We wish them well as the public hearings proceed.

Sincerely,

Greg Crummer
2013 Chairperson
