Commission d'examen conjoint

16 septembre au 12 octobre 2013

Here is my outline for my 10 min presentation.

Talk about how we use energy

Talk about the energy source that is in Bruce County (nuclear)

Talk about the negative impact nuclear has on mankind and the environment (the waste product)

Talk about why placing nuclear waste in the ground is not safe and what will happen if it is buried.

Talk about why Bruce and surrounding area is not an ideal place for nuclear waste (huge farming area, cottage country, Lake Huron, Etc)

Talk about how we need to act responsibly and ethically for now and the future

May end with a song

Thank you,

Crystal Powers
