Roundtable Discussion/Wrap-Up

ALL

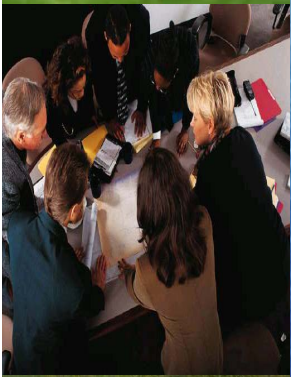

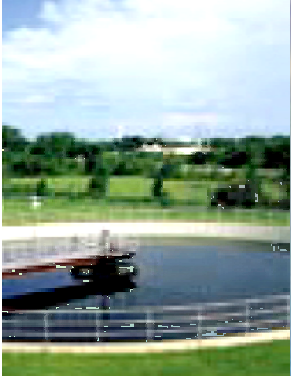

A BETTER TOMORROW made possible

Today's Objectives

- Provide networking opportunity for roundtable participants
- Facilitate open exchange of ideas
- Share experience from Earth Tech practitioners on drinking water protection

A BETTER TOMORROW made possible

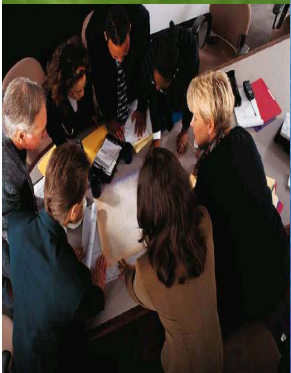

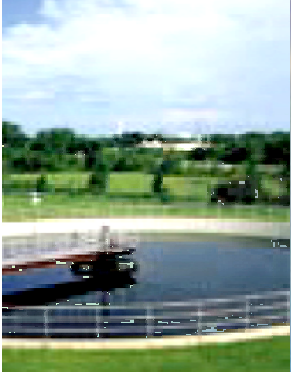

Clean Water Act

- **A Conservation Authority and Municipal Partnership**
 - Watershed Assessment and Development of Protection Plan
 - Ministry Providing Comprehensive Guidance Modules
 - Establish Protection Zones
 - Control of Activities within Protection Zones

**Discussion of Issues Provides
Blueprint for Success**

A BETTER TOMORROW made possible

Keys to Success

- Partnership Approach to Source Protection Committees
- Technical Skills and Knowledge
- Availability and Quality of Information
- Resources (people and \$'s) to do Assessments and Prepare the Plan

Strong Leadership with Early Understanding of Challenges Needed for Success

A BETTER TOMORROW made possible
